EINFACH SICHER

DoUltra UHMW-PE roundsling

Lift heavy loads even more easily

Do*Ultra* at a glance

- Round braided tube with grey and orange block stripes
- With velcro sleeve for identification
- Material of roundsling tube = polyester
- Roundsling yarn made of UHMW-PE
- With RFID transponder as standard

Advantages of the unique tube

- Even more compact design
- Longer service life: tube is only loaded at the suspension point during application; in free clamping, the tube is not subjected to tensile stress and is protected
- Low wrinkling, especially in the choker use

Advantages thanks to UHMW-PE-core

- Compact design and optimum support width: also suitable for smaller crane hooks without being squeezed
- Significantly lower elongation compared to roundslings with PES core

Labeling

- Each label is additionally covered by a protective sleeve
- The protective sleeve is attached with a velcro system so that the inner labels are easily accessible
- Protective sleeve is additionally printed so that the load capacity can be seen at a glance
